Remove The Shadows EP

01. Remove The Shadows 08:12
02. Out In The Metaverse 07:04
03. Remove The Shadows (Minimal Version) 08:05

Genre:

Space Dub – Spoken Words - Acid Techno - Noise Guitars – Industrial

Peter Missing (NYC) once again met up with Hackbert (Berlin) to make some noise and techno. After their successful first EP „Redirect“, the result is... their second:

„Remove The Shadows“ Spoken words meet distorted guitars and fuzzy dub beats, all effects are: ON! A great Noisy Indie Track.

Track 02: “Out In The Metaverse” is, as mentioned in the text, an endless cycle 303 acid techno track with a typical Hackbert stamp and also great spoken words.

Track 03, the minimal version of “Remove The Shadows” has no guitars at all so that Peter’s voice and the beats come into their own.

Remove the shadows

tao
 searching in the park
 remove the shadows
 walking with eyes closed
 the world is square

the universe a tiny dot
 a cloud falls upon you
 and you the only light
 in miles of black holes

along the green plot
 rising the new trail
 and in a gentle way
 you can shake the world
 tao
 there's no chance no space
 no destiny no fate no ties
 that control the mind
 or the birds of passage
 tao
 now that we are all digitalized
 a computer blackout tic tic tic
 out of out in the metaverse
 there lies the answers to the
 questions at hand

a tad towards the black door
 my crypto is fake but I still buy more
 go where there is no path
 Create a new trail you must be the change
 you wish to see in the world
 ... tao
 remove the shadows flip the cards
 seven of hearts
 mindless is the market out in the metaverse
 we can all get lost together
 there lies the question at hand
 tao
 searching in the park
 remove the shadows
 tao

Out in the metaverse

I say
 we are here as part of the
 nature an experiment only to
 reflect
 to stop humanity from control
 of the elements
 he resources and to witness it
 merging into one
 and when you go back in time
 you see many cities under
 water
 the planet the planet

a vast ocean
 waiting to cover the land
 new islands appear
 new world's arise
 eradicate to it's endless cycle

I say
 we are here as part of the
 nature
 like an experiment only to
 reflect
 window to the metaverse
 tao

Endless cycles
 the elements
 new islands appear
 new world's arise
 put your money to good use
 in the magic glitch
 only to reflect
 merging into one
 open the window to the metaverse
 new islands appear
 new world's arise
