## B. Ashra - Monks

1. Monks Part1 43:25 min.
2. Monks Part2 (feat.Travis McMurphy) 21:51 min.

**Monks Part 1** will enchant with its ethereal electronic sounds that are interwoven with overtone singing, gongs, rainstick, Tibetan horns and acoustic guitar sounds. One feels progressively relaxed is automatically reminded of an East Asian scenery. Only after 26 minutes into the piece a pleasant groove is slowly manifesting.

Ambient | Ritual Music | World | Electronic Music

The second track - **Monks Part 2** - is a very deep meditative drone / dark ambient atmosphere with sound collages of nature sounds and Buddhist bells. You're facing a fresh breeze and feel like being transported to places in the icy Himalayas.

Dark Ambient | Drones | Deep Meditative Drone

Composed for a performance at the Kung Fu Aca |demy Berlin

Working Title: Music for Kung Fu Academies

special thanx to Master BamBang Tanuwikarja (Kung Fu Academy Berlin)  
Travis McMurphy (Monks Part2) and Ilona Kowalschek.

B. Ashra has been producing electronic and experimental ambient music since 1993. He is living and working in Berlin and owner of mastering studio: GL Audio

He is a member of the band projects Brain Entertainment Laboratory, Morphon and Psychotikum. Under the monicker Robert Templia he is living out his penchant for techno music.
