B. Ashra - Atomic World

Republication and Remastered!

The successful CD Atomic World was published by Insolation Chilling in 2002, was after some time out of stock and will appear now for the first time as a digital album at Separated Beats and was completely new remastered.

The original CD was limited to 79 minutes, now all titles are on the Digital Release in full length. Who buy the complete album obtained the 79 minute mixed version as special track in addition.

Press release highlights:

CD of the month: KEYBOARDS 11/2002

Conclusion: ... „Atomic World“ is not an album for purists, but from track to track with new surprises, yet - but you knew until man's heard - surprisingly complete work for all who are willing to on a journey through old and new styles of electronic music can be. Exciting!

Psyshop: ... „Atomic World“ opens the door to the world beyond the mirror where you are able to dive into the deep blue beauty of the atomic pulsating expanse.

Akasha Project: ... "Atomic World" opens the door to the world beyond the mirror where you are able to dive into the deep blue beauty of the atomic pulsating expanse.

Since 1993 B. Ashra produced Electronic - and Experimentel Ambient Music. He lives in Berlin and worked in his own studio.

Also he is member in the band projects: Brain Entertainment Laboratory, Morphon, Psychotikum, Cosmic Octave Orchestra and 70db. He uses the name Robert Templar for his solo techno project.

Apart from his many varied music projects he is Sounddesigner, does professional mastering and runs the label Klangwirkstoff Records with the Sublabel Separated Beats.
